Journal of Ethnopharmacology 44 (1994) 225–228

Journal of ETHNO-PHARMACOLOGY

Subject index

Volume 44 (1994)

Acetylcholine; Garlic; *Allium sativum*; Rat aorta; Arginine; Endothelium **44**, 109

Acetylcholinesterase; Huperzine-A; Brain; Choline acetyltransferase; Cholinergics; Synthetic analog(s) **44**, 147

ADCC; NK cell; *Phyllanthus emblica*; Cyclophosphamide; Anti-asialo-GM_1 **44**, 55

Allium sativum; Garlic; Rat aorta; Acetylcholine; Arginine; Endothelium **44**, 109

Alnus rubra; Antifungal activity; Ethnopharmacology (British Columbia); Traditional medicines (British Columbia); *Artemisia ludoviciana*; *Artemisia tridentata*; *Geum macrophyllum*; *Mahonia aquifolium*; *Moneses uniflora* **44**, 157

Ambrosia maritima; *Schistosoma mansoni*; Treatment; Oral; Mouse **44**, 195

Anabolic activity; *Withania somnifera*; *Panax ginseng*; Comparative pharmacology; Anti-stress **44**, 131

Analgesic effect; *Eugenia uniflora*; Myrtaceae; Anti-inflammatory effect; Sleeping time; Antimicrobial effect; Intestinal transit **44**, 137

Anti-asialo-GM_1; NK cell; ADCC; *Phyllanthus emblica*; Cyclophosphamide **44**, 55

Anti-implantation activity; Antifertility screening; Uterotonic agents; Traditional herbal medications; Ethiopian herbs **44**, 199

Anti-inflammatory agent; *Calotropis procera*; Medicinal plant; Rat paw edema **44**, 123

Anti-inflammatory effect; *Eugenia uniflora*; Myrtaceae; Analgesic effect; Sleeping time; Antimicrobial effect; Intestinal transit **44**, 137

Anti-stress; *Withania somnifera*; *Panax ginseng*; Comparative pharmacology; Anabolic activity **44**, 131

Antibacterial activity; *Cryptolepis sanguinolenta*; Cryptolepine; Cryptoheptine; Indol alkaloids **44**, 127

Antibacterial activity; Plant extracts; Skin lesions; Wound infections **44**, 35

Antibacterial/antimicrobial activity; *Salmonella typhi*; Argentine folk medicinal plants **44**, 41

Antifertility; *Azadirachta indica*; Extraction; Immunocontraceptive **44**, 87

Antifertility screening; Uterotonic agents; Anti-implantation activity; Traditional herbal medications; Ethiopian herbs **44**, 199

Antifungal activity; Ethnopharmacology (British Columbia); Traditional medicines (British Columbia); *Alnus rubra*; *Artemisia ludoviciana*; *Artemisia tridentata*; *Geum macrophyllum*; *Mahonia aquifolium*; *Moneses uniflora* **44**, 157

Antimicrobial; Medicinal plants; *Thymus capitatus* **44**, 19

Antimicrobial effect; *Eugenia uniflora*; Myrtaceae; Anti-inflammatory effect; Analgesic effect; Sleeping time; Intestinal transit **44**, 137

Antitumor activity; Cytotoxicity; 5,6,7-Trisubstituted flavonoids; *Gomphrena martiana* **44**, 25

Anxiolysis; Benzodiazepine receptor; *Tilia* species; Sedation; Flavonoids **44**, 47

Argentina; Ethnomedicine; Medicinal plants; Pilagá Indians **44**, 181

Argentine folk medicinal plants; Antibacterial/antimicrobial activity; *Salmonella typhi* **44**, 41

0378-8741/94/$07.00 © 1994 Elsevier Science Ireland Ltd. All rights reserved

Arginine; Garlic; *Allium sativum*; Rat aorta; Acetylcholine; Endothelium **44**, 109

Artemisia ludoviciana; Antifungal activity; Ethnopharmacology (British Columbia); Traditional medicines (British Columbia); *Alnus rubra*; *Artemisia tridentata*; *Geum macrophyllum*; *Mahonia aquifolium*; *Moneses uniflora* **44**, 157

Artemisia tridentata; Antifungal activity; Ethnopharmacology (British Columbia); Traditional medicines (British Columbia); *Alnus rubra*; *Artemisia ludoviciana*; *Geum macrophyllum*; *Mahonia aquifolium*; *Moneses uniflora* **44**, 157

Australian Aboriginal people; *Eremophila* species; Medicinal usage; Secondary metabolites **44**, 1

Azadirachta indica; Extraction; Immunocontraceptive; Antifertility **44**, 87

Benzodiazepine receptor; *Tilia* species; Anxiolysis; Sedation; Flavonoids **44**, 47

Blood clotting; *Snakebite*; *Echis carinatus* **44**, 99

Boschniakia rossica; Ibotenic acid; Learning ability; Senile disturbance **44**, 67

Brain; Huperzine-A; Acetylcholinesterase; Choline acetyltransferase; Cholinergics; Synthetic analog(s) **44**, 147

Butea monosperma; Pippali rasayana; Herbal drug; Giardiasis; *Giardia lamblia*; *Piper longum* **44**, 143

Calotropis procera; Medicinal plant; Anti-inflammatory agent; Rat paw edema **44**, 123

Campylobacter; *Cryptolepis sanguinolenta*; Cryptolepine; Diarrhoeal bacteria; *Vibrio cholerae* **44**, 73

Cancer; Turmeric; *Curcuma longa*; Chemoprevention **44**, 211

CCl_4–NADPH; *Cudrania cochinchinensis* var. *gerontogea*; Prenylated xanthones; Lipid peroxidation; $FeCl_2$–ascorbic acid–ADP **44**, 79

Chemoprevention; Turmeric; *Curcuma longa*; Cancer **44**, 211

Choline acetyltransferase; Huperzine-A; Acetylcholinesterase; Brain; Cholinergics; Synthetic analog(s) **44**, 147

Cholinergics; Huperzine-A; Acetylcholinesterase; Brain; Choline acetyltransferase; Synthetic analog(s) **44**, 147

Comparative pharmacology; *Withania somnifera*; *Panax ginseng*; Anti-stress; Anabolic activity **44**, 131

Cryptoheptine; *Cryptolepis sanguinolenta*; Cryptolepine; Indol alkaloids; Antibacterial activity **44**, 127

Cryptolepine; *Cryptolepis sanguinolenta*; Cryptoheptine; Indol alkaloids; Antibacterial activity **44**, 127

Cryptolepine; *Cryptolepis sanguinolenta*; Diarrhoeal bacteria; *Campylobacter*; *Vibrio cholerae* **44**, 73

Cryptolepis sanguinolenta; Cryptolepine; Cryptoheptine; Indol alkaloids; Antibacterial activity **44**, 127

Cryptolepis sanguinolenta; Cryptolepine; Diarrhoeal bacteria; *Campylobacter*; *Vibrio cholerae* **44**, 73

Cudrania cochinchinensis* var. *gerontogea; Prenylated xanthones; Lipid peroxidation; $FeCl_2$–ascorbic acid–ADP; CCl_4–NADPH **44**, 79

Curcuma longa; Turmeric; Cancer; Chemoprevention **44**, 211

Cyclophosphamide; NK cell; ADCC; *Phyllanthus emblica*; Anti-asialo-GM_1 **44**, 55

Cyproheptadine; Hypoglycaemic activity; *Momordica charantia*; Mice **44**, 117

Cytotoxicity; Antitumor activity; 5,6,7-Trisubstituted flavonoids; *Gomphrena martiana* **44**, 25

Diarrhoeal bacteria; *Cryptolepis sanguinolenta*; Cryptolepine; *Campylobacter*; *Vibrio cholerae* **44**, 73

Echis carinatus; *Snakebite*; Blood clotting **44**, 99

Endothelium; Garlic; *Allium sativum*; Rat aorta; Acetylcholine; Arginine **44**, 109

***Eremophila* species**; Medicinal usage; Australian Aboriginal people; Secondary metabolites **44**, 1

Ethiopian herbs; Antifertility screening; Uterotonic agents; Anti-implantation activity; Traditional herbal medications **44**, 199

Ethnomedicine; Medicinal plants; Pilagá Indians; Argentina **44**, 181

Ethnopharmacology (British Columbia); Antifungal activity; Traditional medicines (British Columbia); *Alnus rubra*; *Artemisia ludoviciana*; *Artemisia tridentata*; *Geum macrophyllum*; *Mahonia aquifolium*; *Moneses uniflora* **44**, 157

Eugenia uniflora; Myrtaceae; Anti-inflammatory effect; Analgesic effect; Sleeping time; Antimicrobial effect; Intestinal transit **44**, 137

Extraction; *Azadirachta indica*; Immunocontraceptive; Antifertility **44**, 87

$FeCl_2$–ascorbic acid–ADP; *Cudrania cochinchinensis* var.

gerontogea; Prenylated xanthones; Lipid peroxidation; CCl_4–NADPH **44**, 79

Flavonoids; Benzodiazepine receptor; *Tilia* species; Anxiolysis; Sedation **44**, 47

Garlic; *Allium sativum*; Rat aorta; Acetylcholine; Arginine; Endothelium **44**, 109

Gastric lesions; San-huang-xie-xin-tang; Sulfhydryl compound **44**, 171

Geum macrophyllum; Antifungal activity; Ethnopharmacology (British Columbia); Traditional medicines (British Columbia); *Alnus rubra*; *Artemisia ludoviciana*; *Artemisia tridentata*; *Mahonia aquifolium*; *Moneses uniflora* **44**, 157

Giardia lamblia; Pippali rasayana; Herbal drug; Giardiasis; *Piper longum*; *Butea monosperma* **44**, 143

Giardiasis; Pippali rasayana; Herbal drug; *Giardia lamblia*; *Piper longum*; *Butea monosperma* **44**, 143

Glycolate feeding; *Tribulus terrestris*; Hyperoxaluria; Oxalate metabolism **44**, 61

Gomphrena martiana; Antitumor activity; Cytotoxicity; 5,6,7-Trisubstituted flavonoids **44**, 25

Hepatic enzymes; *Momordica charantia*; Hepatotoxicity **44**, 93

Hepatotoxicity; *Momordica charantia*; Hepatic enzymes **44**, 93

Herbal drug; Pippali rasayana; Giardiasis; *Giardia lamblia*; *Piper longum*; *Butea monosperma* **44**, 143

Huperzine-A; Acetylcholinesterase; Brain; Choline acetyltransferase; Cholinergics; Synthetic analog(s) **44**, 147

Hyperoxaluria; Glycolate feeding; *Tribulus terrestris*; Oxalate metabolism **44**, 61

Hypoglycaemic activity; Cyproheptadine; *Momordica charantia*; Mice **44**, 117

Ibotenic acid; *Boschniakia rossica*; Learning ability; Senile disturbance **44**, 67

Immunocontraceptive; *Azadirachta indica*; Extraction; Antifertility **44**, 87

Indol alkaloids; *Cryptolepis sanguinolenta*; Cryptolepine; Cryptoheptine; Antibacterial activity **44**, 127

Intestinal transit; *Eugenia uniflora*; Myrtaceae; Anti-inflammatory effect; Analgesic effect; Sleeping time; Antimicrobial effect **44**, 137

Learning ability; *Boschniakia rossica*; Ibotenic acid; Senile disturbance **44**, 67

Lipid peroxidtion; *Cudrania cochinchinensis* var. *gerontogea*; Prenylated xanthones; $FeCl_2$–ascorbic acid–ADP; CCl_4–NADPH **44**, 79

Mahonia aquifolium; Antifungal activity; Ethnopharmacology (British Columbia); Traditional medicines (British Columbia); *Alnus rubra*; *Artemisia ludoviciana*; *Artemisia tridentata*; *Geum macrophyllum*; *Moneses uniflora* **44**, 157

Medicinal plant; *Calotropis procera*; Anti-inflammatory agent; Rat paw edema **44**, 123

Medicinal plants; *Thymus capitatus*; Antimicrobial **44**, 19

Medicinal plants; Ethnomedicine; Pilagá Indians; Argentina **44**, 181

Medicinal plants; Solanaceae; Middle East **44**, 11

Medicinal usage; *Eremophila* species; Australian Aboriginal people; Secondary metabolites **44**, 1

Mice; Hypoglycaemic activity; Cyproheptadine; *Momordica charantia* **44**, 117

Middle East; Solanaceae; Medicinal plants **44**, 11

Momordica charantia; Hepatic enzymes; Hepatotoxicity **44**, 93

Momordica charantia; Hypoglycaemic activity; Cyproheptadine; Mice **44**, 117

Moneses uniflora; Antifungal activity; Ethnopharmacology (British Columbia); Traditional medicines (British Columbia); *Alnus rubra*; *Artemisia ludoviciana*; *Artemisia tridentata*; *Geum macrophyllum*; *Mahonia aquifolium* **44**, 157

Mouse; *Ambrosia maritima*; *Schistosoma mansoni*; Treatment; Oral **44**, 195

Myrtaceae; *Eugenia uniflora*; Anti-inflammatory effect; Analgesic effect; Sleeping time; Antimicrobial effect; Intestinal transit **44**, 137

NK cell; ADCC; *Phyllanthus emblica*; Cyclophosphamide; Anti-asialo-GM_1 **44**, 55

Oral; *Ambrosia maritima*; *Schistosoma mansoni*; Treatment; Mouse **44**, 195

Oxalate metabolism; Glycolate feeding; *Tribulus terrestris*; Hyperoxaluria **44**, 61

Panax ginseng; *Withania somnifera*; Comparative pharmacology; Anti-stress; Anabolic activity **44**, 131

Phyllanthus emblica; NK cell; ADCC; Cyclophosphamide; Anti-asialo-GM_1 **44**, 55

Pilagá Indians; Ethnomedicine; Medicinal plants; Argentina **44**, 181

Piper longum; Pippali rasayana; Herbal drug; Giardiasis; *Giardia lamblia*; *Butea monosperma* **44**, 143

Pippali rasayana; Herbal drug; Giardiasis; *Giardia lamblia*; *Piper longum*; *Butea monosperma* **44**, 143

Plant extracts; Antibacterial activity; Skin lesions; Wound infections **44**, 35

Prenylated xanthones; *Cudrania cochinchinensis* var. *gerontogea*; Lipid peroxidation; $FeCl_2$–ascorbic acid–ADP; CCl_4–NADPH **44**, 79

Rat aorta; Garlic; *Allium sativum*; Acetylcholine; Arginine; Endothelium **44**, 109

Rat paw edema; *Calotropis procera*; Medicinal plant; Anti-inflammatory agent **44**, 123

Salmonella typhi; Antibacterial/antimicrobial activity; Argentine folk medicinal plants **44**, 41

San-huang-xie-xin-tang; Gastric lesions; Sulfhydryl compound **44**, 171

Schistosoma mansoni; *Ambrosia maritima*; Treatment; Oral; Mouse **44**, 195

Secondary metabolites; *Eremophila* species; Medicinal usage; Australian Aboriginal people **44**, 1

Sedation; Benzodiazepine receptor; *Tilia* species; Anxiolysis; Flavonoids **44**, 47

Senile disturbance; *Boschniakia rossica*; Ibotenic acid; Learning ability **44**, 67

Skin lesions; Plant extracts; Antibacterial activity; Wound infections **44**, 35

Sleeping time; *Eugenia uniflora*; Myrtaceae; Anti-inflammatory effect; Analgesic effect; Antimicrobial effect; Intestinal transit **44**, 137

Snakebite; *Echis carinatus*; Blood clotting **44**, 99

Solanaceae; Medicinal plants; Middle East **44**, 11

Sulfhydryl compound; San-huang-xie-xin-tang; Gastric lesions **44**, 171

Synthetic analog(s); Huperzine-A; Acetylcholinesterase; Brain; Choline acetyltransferase; Cholinergics **44**, 147

Thymus capitatus; Medicinal plants; Antimicrobial **44**, 19

***Tilia* species**; Benzodiazepine receptor; Anxiolysis; Sedation; Flavonoids **44**, 47

Traditional herbal medications; Antifertility screening; Uterotonic agents; Anti-implantation activity; Ethiopian herbs **44**, 199

Traditional medicines (British Columbia); Antifungal activity; Ethnopharmacology (British Columbia); *Alnus rubra*; *Artemisia ludoviciana*; *Artemisia tridentata*; *Geum macrophyllum*; *Mahonia aquifolium*; *Moneses uniflora* **44**, 157

Treatment; *Ambrosia maritima*; *Schistosoma mansoni*; Oral; Mouse **44**, 195

Tribulus terrestris; Glycolate feeding; Hyperoxaluria; Oxalate metabolism **44**, 61

5,6,7-Trisubstituted flavonoids; Antitumor activity; Cytotoxicity; *Gomphrena martiana* **44**, 25

Turmeric; *Curcuma longa*; Cancer; Chemoprevention **44**, 211

Uterotonic agents; Antifertility screening; Anti-implantation activity; Traditional herbal medications; Ethiopian herbs **44**, 199

Vibrio cholerae; *Cryptolepis sanguinolenta*; Cryptolepine; Diarrhoeal bacteria; *Campylobacter* **44**, 73

Withania somnifera; *Panax ginseng*; Comparative pharmacology; Anti-stress; Anabolic activity **44**, 131

Wound infections; Plant extracts; Antibacterial activity; Skin lesions **44**, 35
